

3000+ Seamless Pattern Designs
and Unlimited Sampling

A daily challenge...

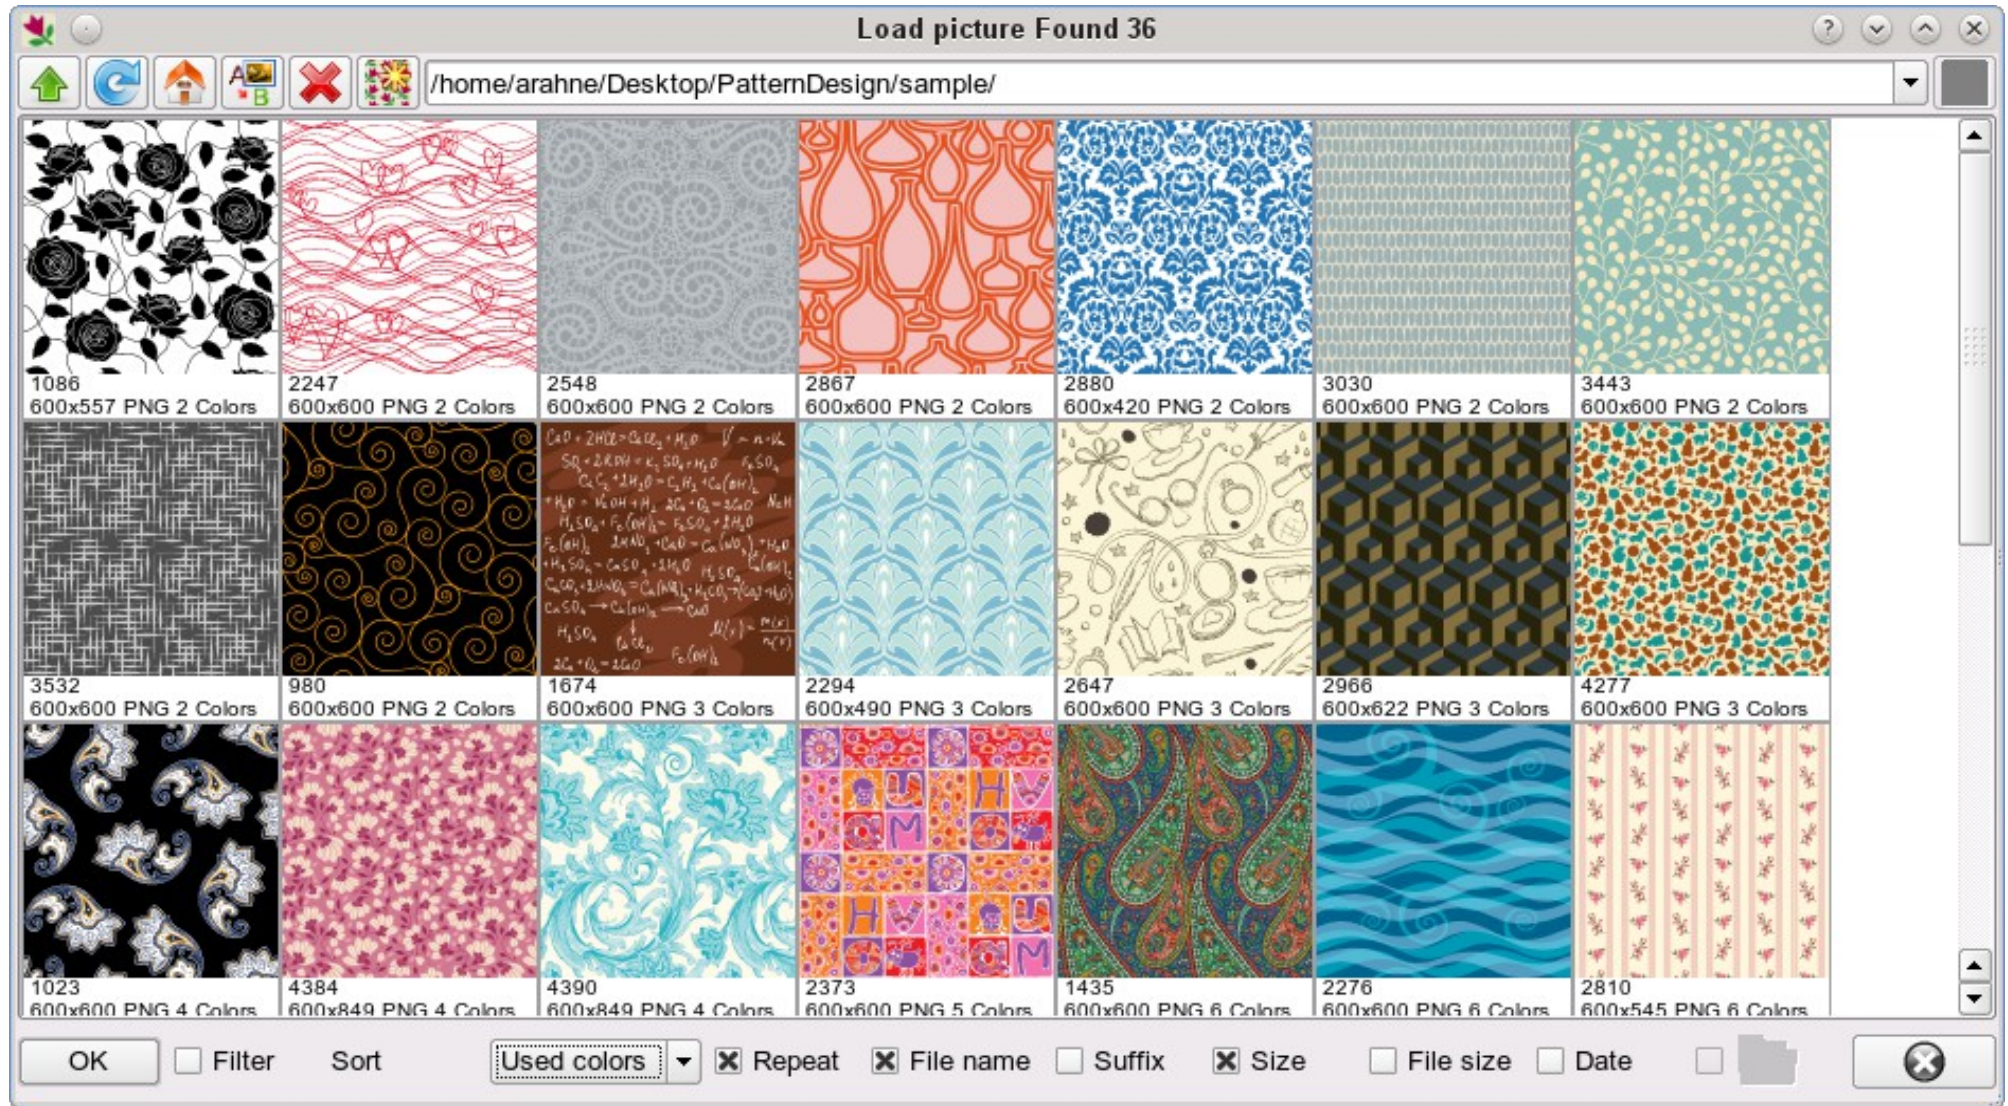

- You need to offer your customers high-quality designs?
- Your clients expect you to come up with new design ideas every time you meet them?
- You don't have enough time to develop new design ideas and you don't want to buy designs just to make samples?

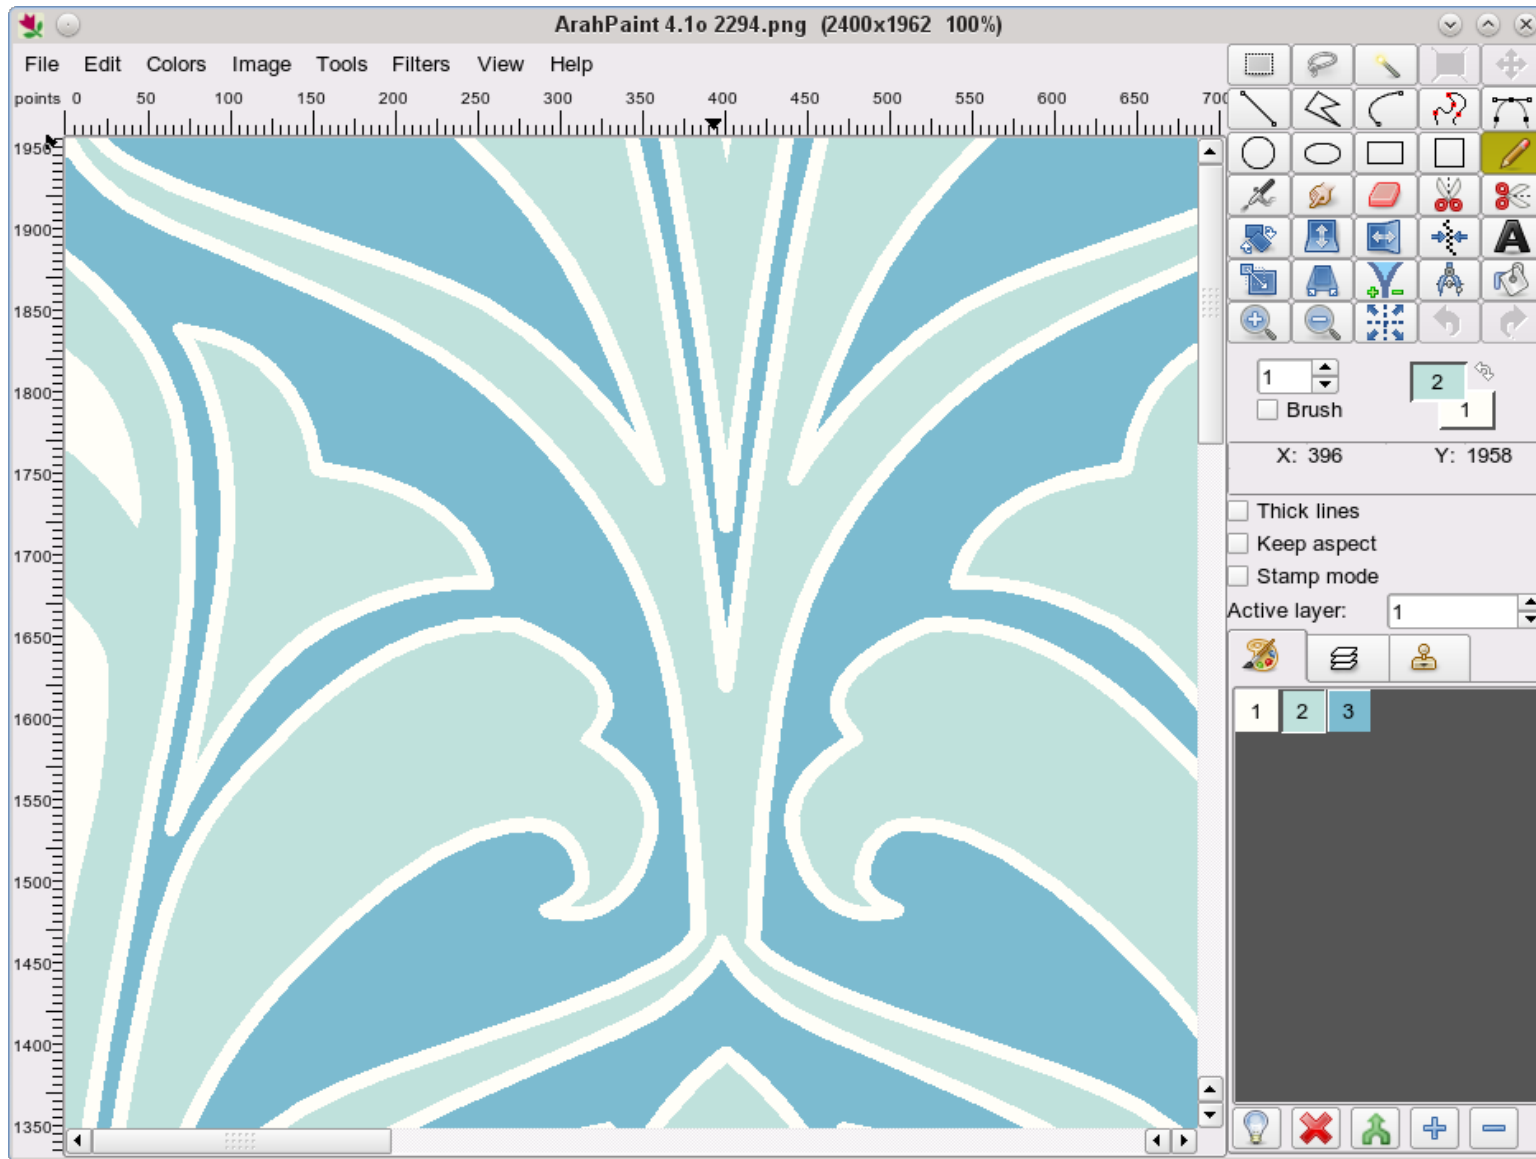

...and its solution!

- Pattern Design for ArahPaint / ArahWeave:
 - a library with 3000+ seamless pattern designs
 - from 200+ Designers, from all around the world
 - hundreds of new designs each month
 - works perfectly with ArahPaint and ArahWeave
- And the best of all:
 - Unlimited sampling without having to buy any designs up-front (!!!)

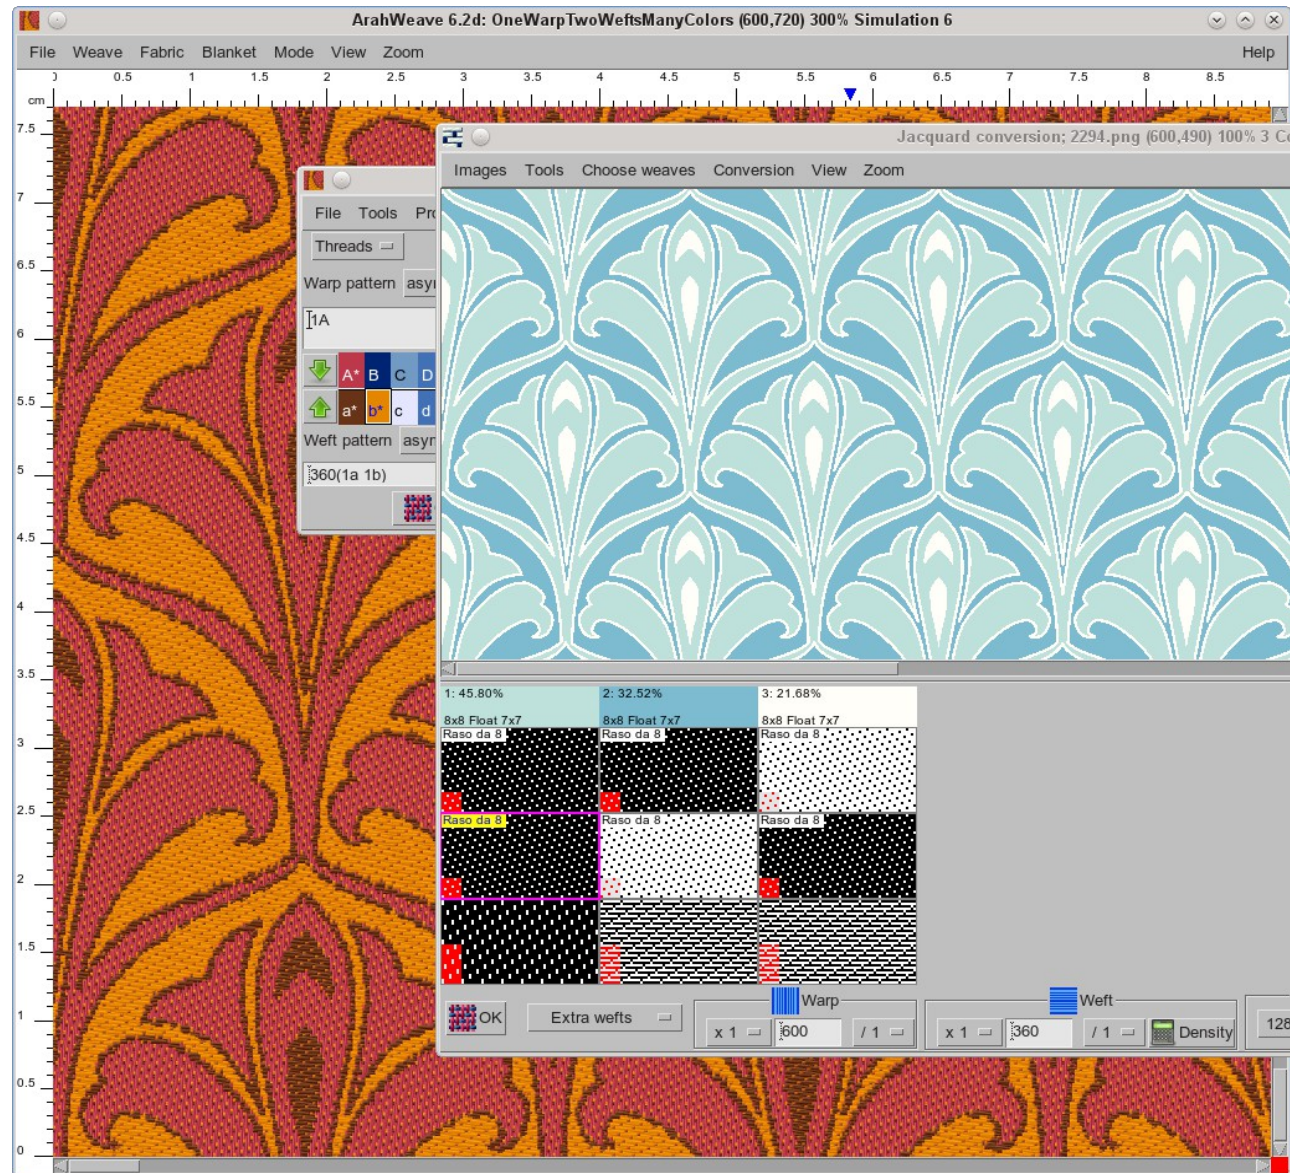

Pattern Library (Screenshot)

Using Patterns in ArahPaint

Using Patterns in ArahWeave

What does it cost?

- Using the library
 - Only € 50 / month (subscription, cancel any time)
 - Pay in advance:
 - 10% discount for 3-months advance payment
 - 30% discount for 12-months advance payment
- Sampling
 - free & unlimited (sample as much as you want!)
- Production order
 - buy production license (€ 22-60), unlimited runs

How does it work?

- You sign up with Pattern Design

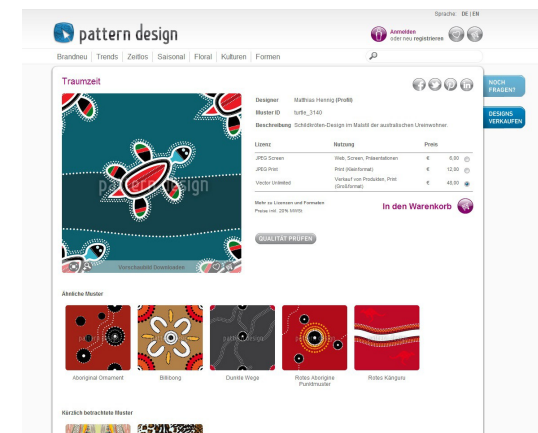

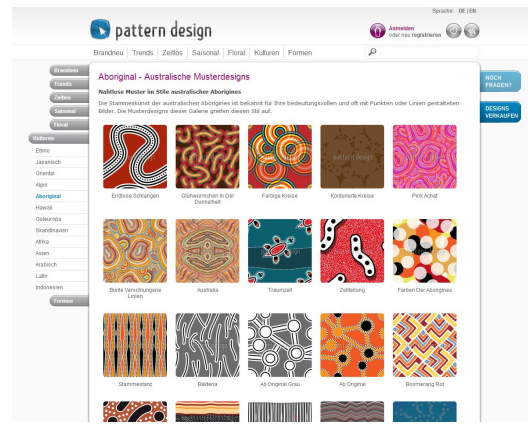

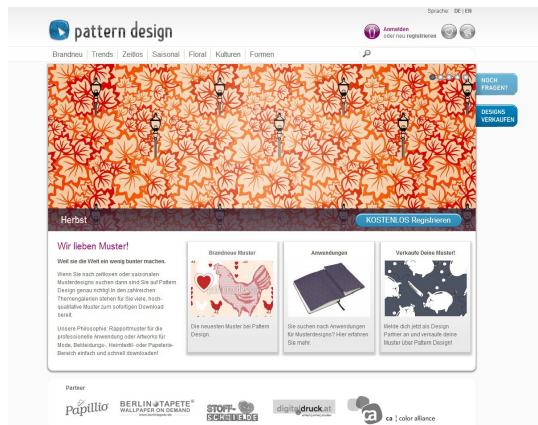

<http://www.patterndesigns.com/ArahWeave>

- Download the full library for sampling purposes (seamless, color-reduced PNG files, 600 pixels)
- Use the designs with ArahWeave
- Sample as much as you want
- Get hundreds of new designs each month

What about production?

- If you have a production order from a client
 - buy a license on Pattern Design (Vector Unlimited license, € 22-60 net)
 - download the production file (PNG, 2400 pixels)
 - use the design for unlimited production runs

Questions?

- Won't everybody have the same designs as me?

No, not at all. There are so many designs, not everyone will choose the same ones as you. Furthermore the amount of available designs is increasing daily!

You will use your own weaves, yarns, colors, density and finishing.

You can even further modify the design, if you wish.

So your fabrics will usually look completely unique.

- Still got questions?
